Dear DGS contacts,

With great pleasure we invite you to the upcoming DGS Summit on 5 June, hosted by De Nederlandsche Bank (DNB). This year's theme, "[Navigating New Horizons: Exploring the Future of the Dutch Deposit Guarantee](#)," promises insightful discussions and strategic insights into the evolving landscape of deposit insurance. Please use [the link](#) to subscribe for the event.

In light of recent milestones, including the attainment of our target size for the Deposit Guarantee Fund in 2024, it's paramount that we chart a course forward. During our gathering, we will tackle several critical topics. These include adjusting premiums as the fund reaches its target size, forthcoming regulatory changes impacting banks and necessary adaptations for SCV file compilation, strategies to enhance public awareness and trust in the Dutch Deposit Guarantee, and envisioning innovative payout systems to meet future needs efficiently and reliably.

The seminar will take place at the temporary DNB location at Spaklerweg 4 in Amsterdam (close to Amstel Station). We intend to make this event as interactive as possible, therefore we plan to offer the seminar only in a live format (not virtually). The program begins at 13:30 and ends around 17:00. The final program will be shared at a later stage.

We are looking forward to seeing you on 5 June!

Kind regards, DGS-Team  
De Nederlandsche Bank
