All supervised banks are therefore obliged to pay. The procedure has been changed in December 2019, please see the ECB pressrelease.	The ECB will reuse existing supervisory data to calculate fees, removing the need for a separate data collection process for most banks. Two categories of banks must still provide their fee factors via a separate collection process, for details see: ECB website . Fee debtors that intend to exclude assets and/or risk exposure amounts of subsidiaries established in non-participating Member States and third countries have to notify (online) the ECB of their decision at the latest by 30 September of the year concerned.
